## Training workshop

For an effective job search!

This interactive training is designed to help BCDI 2030 Scholars strengthen their employability as they prepare to enter or re-enter the labour market.

This training will be delivered in two-hour sessions.

**Session 1** invites participants to optimize their resumes and cover letters using effective tools such as Generative AI (GenAI) applied in an ethical manner.

**Session 2** helps participants develop an effective job search strategy by mastering LinkedIn, targeting employers and exploring the hidden job market.

**Session 3** prepares participants to succeed in interviews by strengthening the quality of their responses, boosting their confidence and enhancing their ability to deliver professionally.

## Why participate?

Learn how to build strong job applications

Develop your digital skills (particularly with Gen AI)

Prepare for interviews and strategically plan your job search

Expand your professional network
